\*Previous year figures have been regrouped / rearranged wherever considered necessary.

### DIVIDEND

In view of the foregoing, the Directors do not recommend any dividend for the year.

### DIRECTORS

There was no change in the constitution of the Board of Directors during the year under consideration. However, it is now proposed to appoint Mr. V. N. Shukla in place of Mr. Narendra Sharma, Director retiring by rotation on the Board of Directors, the appointment forms part of the business of the ensuing Annual General Meeting of the Company.

During the year under review, Mr. Ravi Jain has resigned as director of the company w.e.f. 10th May, 2010.

### DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to the requirement under Section 217(2AA) as inserted by the Companies (Amendment) Act, 2000 with respect to Directors' Responsibilities Statement, it is hereby confirmed:

- that in the preparation of the annual accounts for the financial year ended 31st March, 2010, the applicable accounting standards had been followed along with proper explanation relating to material departures;
- that the directors had selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for the year under review;
- that the directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- that the directors had prepared the accounts for the financial year ended 31st March, 2010 on a 'going concern' basis.

### CORPORATE GOVERNANCE

Your Company has taken adequate steps to ensure compliance with the provisions of Corporate Governance as prescribed under the Listing Agreement. The report on Corporate Governance along with the Auditor's Certificate as stipulated under Clause 49 of the Listing Agreement along with Management Discussion and Analysis Statement forms part of the Annual Report.

### AUDIT COMMITTEE

As required under section 292A of the Companies Act the Company has appointed an Audit Committee comprising of Mr. Devendra Manchanda, Mr. Rajeev Bali and Mrs. Krishna Bali. Mr. Devendra Manchanda continues as the Chairman of the Committee. The primary functions of the Committee comprises of reporting on accounting policies and procedures, periodical review of financial results and pointing out major discrepancies, if any, in the results, examining the internal control systems and adequacy thereof. The Committee shall meet as and when required and at least twice in a year.

## AUDITORS & THEIR REPORT

Auditors of the Company, M/s G. K. Kedia & Co., Chartered Accountants, are retiring at this Annual General Meeting and M/s S.K. Mittal & Co. are proposed to be appointed at the ensuing Annual General Meeting.

**Notes to the accounts annexed to the Auditors' Report are self-explanatory and need no explanation, as there is no qualifying remark of the Auditors.**

## FIXED DEPOSITS

The Company did not invite / accept any fixed deposits during the year under review.

## FUTURE OUTLOOK

The Company has revived its production and commercial operations, consequent to successful implementation of the BIFR Sanctioned Scheme, and to receiving all requisite approvals required from Ministry of Commerce / NSEZ / Customs / DGFT etc. in December 2008. The Company commenced sales in the domestic market, which has remained stable despite the global melt-down world-wide, including the PCB industry, which impacted China as well very substantially.

A US\$ 48 billion industry had been growing at CAGR of over 9 % per annum from 2004 till mid – 2008 when international markets once again shrank considerably from US \$ 52 Billion in 2007 with the onset of the recession to \$ 39 Billion in 2009. It is now expected to grow as such up to 2015 to over US\$ 76 Billion. While the outlook for the industry is not very encouraging internationally, for the time being, it is expected to improve gradually starting 2010, especially from the 2nd half of the year, and expected to reach \$ 52 billion again by 2011-12.

**The domestic PCB market :** is growing rapidly, with large investments in the mobile communications, telecom, industrial, consumer electronics, and automotive industries. Importantly, most of the top ten Electronics Manufacturing Services (EMS) companies worldwide have set up assembly and design facilities in the recent past. With the entry of a number of international companies in these industries, the growth is expected to exceed 30% per annum.

The total market assessed currently is approx. US\$ 2 Billion. Domestic production is US\$ 300 Million, with the rest being imported, thereby presenting a large opportunity to domestic PCB producers.

The Company thus plans to recommence exports by early to mid - 2011 in line with world markets revival of global market.

The promoters have invested considerably in reviving the plant and it's operations including refurbishing the machinery, replacing obsolete equipment, infusing working capital, and adding new customers to its' existing ones.

The Company has adequate business orders for domestic sales, as also deemed exports. The Company expects to achieve considerably better sales and operating results in the FY 2010-11 as it increases domestic sales and exports commencing 2011.

## MANAGEMENT DISCUSSION AND ANALYSIS STATEMENT

### Industry Structure and Development

The sales of PCBs globally declined from US\$ 52 billion in 2007 to US\$ 39 billion in 2009. It is believed that, by 2012, the worldwide market will have returned to levels similar to that experienced in 2007, in other words, approximately US \$ 52 billion.

Communications and Telecom equipment will account for 30.7% of this total; Business, Retail and Computer equipment will have the largest share at 31.7% with the third largest being consumer electronics equipment at 18%. For 2010, PCB production is forecasted to be just over US \$42 billion compared to 2009's US \$ 39 billion. Due to continued price erosion, 2009 growth rates have been revised to just over -17% compared to 2008

### Global Structure of PCB Manufacturing

A US\$ 52 billion industry had been growing at CAGR of over 9 % per annum till 2007, till the dramatic drop to \$ 39 Billion in 2009. The contraction in markets has been the most severe in USA and Europe, but globally estimated at 13.9% as a result of the unprecedented global recession.

From 2000 to 2009, in terms of output value, computer, communications, industrial/medical, military and automotive PCBs decreased by 3%, 13.5%, 20.5%, 20.1% and 26.8% respectively, while consumer electronics PCB and package substrate increased by 15.8% and 68% respectively. Single-sided/double-sided PCB and multilayer PCB decreased by 37.3% and 25.2% respectively, while high-density interconnect (HDI) board, package substrate and FPC increased by 163.1%, 68.1% and 90.0% respectively.

In 2009, from the perspective of the global PCB distribution pattern, China, Japan and Taiwan were still the main production areas, South Korea continued to expand its PCB industry, while Europe and the United States were in recession. Compared with Japan and South Korea with advantages in high-end products such as IC substrate and FPC boards, and Taiwan with advantages in mobile phone PCBs, China, mainly engaged in single-sided PCB and multilayer PCB, is inferior in terms of the technical content of the PCB industry. In 2009, China's PCB industry for the first time saw its output value decline slightly by 3.6% to US\$16.35 billion. Nevertheless, its share in the global PCB output value continued to rise.

Currently, India's share of global PCB production in 2008 and 2009 was 0.7% at US\$ 300 million. While imports are at approximately \$ 2 billion, the opportunity is indeed substantial.

### Opportunities and Threats

We are presenting below a SWOT analysis of the Company.

#### Strengths

1. The Company has re-established itself as a reliable producer of high quality and technology Printed Circuit Boards (PCBs), including fine-line, high conductor track width & spacing and hole density Surface Mount Device (SMD) Single-sided, Double-sided and multi-layer PCBs.
2. The Company has adequate orders and is receiving considerable business enquiries, and an increasing proportion of these are getting converted to actual business.
3. The Company has restarted its business with substantially reduced debt, thereby increasing its financial viability.

#### Weaknesses

1. The Company being a 100 % Export Oriented Unit, is subject to market variations resulting from events and circumstances that impact the international, political, economic, etc. scenarios, e.g. post Sept 11 business downturn, rising oil prices slowing business growth, fluctuating currencies, and now the global melt-down in 2008 -09. Furthermore, being a 100% EOU has hindered domestic market access, which is presently booming
2. The Company needs to further upgrade its technology in certain areas as also increase production capacity even further than that effected in FY 2009-10, shortly in order to effectively compete in the international market.

## Opportunities

1. The international market: While the current international market scenario is not encouraging, the bottom appears to have been reached, and an upturn is forecast in the year ahead. The maximum opportunities seem to be presenting themselves to Asian producers who have further consolidated their position globally with over 75% market share. Europe and USA traditionally, and now newer emerging markets present bright market prospects for 2010 – 2015.
2. The Local Market: Currently estimated at US\$ 2 Billion, and local production of US\$ 300 million leaving a huge gap of US\$ 1.7 Billion. (source : IPCA estimates)
3. The Indian advantage: Low cost skilled labour is a compelling factor in sourcing PCBs from Asia.
4. Indian quality and mid-volume capability is being well received internationally, especially in comparison to Chinese producers.
5. Entry of many MNC electronics, EMS, and global auto companies into India as a production hub for domestic production and exports seeking local component / PCB supplies is proving to be a very large market opportunity.

## Threats

1. The demand for PCBs in the international market is subject to cyclical fluctuations to which the global electronic industry is normally characterized by.
2. The profitability of the Company could be affected by adverse movements in foreign currencies. However, being a 100% EOU, as most earnings are anticipated in currencies such as Euro and US Dollar, the Company's risk on this front is considerably insulated.
3. Competition with Chinese imports who are continually reducing pricing to gain market share while delivering international quality and technology standards.

The foregoing SWOT analysis suggests in conclusion that the Company's prospects, its future strategy are fundamentally sound, and a substantial opportunity exists for exports as well as domestic sales from here on for many years to come.

## Segment-wise or Product-wise Performance

The Company has only single line of manufacturing of Printed Circuit Boards. Therefore, segment-wise analysis is not required. However, there are different categories of professional grade Printed Circuit Boards viz. Single sided (SS), Double sided plated-thru. -Holes (DSPTH) and Multi-layer (ML) PCBs. The total capacity of the Plant is 54,000 sq. mtrs per annum. The plant has resumed commercial production and operation after 6 years.

## Outlook

**The PCB Market** is projected to grow by over 30% per annum well past the turn of the century from its present size of approx. US\$ 300 million

India's electronic hardware industry is concentrated in a few main geographical areas - of which the most prominent is in the northern region around the national capital Delhi, accounting for 37% of the output. The western region around Mumbai and Pune accounts for 25% and the Southern region, which is mainly around Bangalore, account for 32% of the output. Of late, Chennai is receiving considerable investment in the mobile communications, EMS, automotive manufacturing, notably Nokia, BMW, Hyundai, GM and many others.

The domestic PCB market is growing rapidly, with large investments in the mobile communications, telecom, industrial, and consumer electronics, and automotive industries. With the entry of a number of international companies in these industries, especially EMS, the growth is expected to exceed 30% per annum. As for EMS operations of the Top Ten global majors who have set up shop in India recently that include Sollectron, Flextronics, Jabil Circuit etc., one of critical success operational and logistical success factors will be local availability of quality PCBs in large volumes.

IPCA estimates that the total requirement for PCBs in India stands at US\$ 2 Billion, with local production of approx. US\$ 300 million, implying a huge demand-supply gap that would suggest large investments in the industry ought to forthcoming.

## **Internal Control Systems and their Adequacy**

The internal control system of the Company is designed in a manner to provide timely information on deviations from projected standards in both technical and commercial areas and flow of information through various steps of the hierarchy of management to enable implementation of corrective measures to avoid further delay and deviations. Since the Company's start of commercial operations, management systems and control mechanisms have been instituted towards this end, and towards the eventual goal of optimizing the Company's resources, financial, technical, human resource base, and materials.

## **Discussion on Financial Performance with respect to Operational Performance**

The Company has recommenced its production and commercial operations consequent to the financial restructuring of the Company as per the BIFR SS-08 implementation. The Company thus restarted its operations subsequent to that date, which has included investments in;

1. Further recruitment of production staff and their training
2. Raw material and consumables purchases Further reconditioning, refurbishment, and replacement of equipments and machinery where required.

Till the close of the financial year on 31.03.2009, the Company commenced test-marketing of its products, and market entry with small batch sales to domestic customers under special "Advance Domestic Sale Permission" applied for and granted by the Ministry of Commerce (NOIDA Special Economic Zone – the administering authority), and closed at sales of only Rs. 6.46 Lacs towards such test marketing. In the FY 2009-10, the Company continued to sell and consolidate its position in the domestic market in view of persistently weak international markets.

Furthermore, in line with the Ministry of Commerce stipulation of a maximum Rs 200 lacs Advance DTA Sale permission, the Company per force had to maintain a minimal average monthly production culminating in sales of Rs 175.74 lacs as of 31.03.2010, with losses of Rs. 80.35 Lacs.

The Company expects to receive UL Certification, a virtual pre-requisite for exports, within 2010, enabling commencement of exports by mid-2011 as planned, and thereafter expects to exceed the break-even level production and generate surpluses from early 2011 onwards.

Equally importantly, as a result of implementation of the BIFR SS-08 and the financial restructuring envisaged therein, has resulted in the Company returning to financial health with a positive Net Worth, thereby removing it from the purview of SICA. The Company has therefore, as a result of this revised scenario, been de-registered from BIFR's purview by AAFIR vide their Order dated Feb. 06, 2009. The debt burden of the Company has sequentially reduced very substantially from over Rs. 21.69 Crores in 2007-08 to Rs. 3.25 Crores presently, contributing substantially to this positive net worth. Furthermore, fresh equity to the tune of Rs. 311 Lacs has also been injected by the strategic investor, who has also provided unsecured loans for need based working capital for the Company, infusing further positivity towards the Company's financials.

Having cleared the dues of all previous secured creditors / banks and financial institutions, statutory bodies / agencies and various sundry creditors, the Company's financial outlook and positioning stands considerably improved as envisioned in the revival mooted by the Company's management and supported by the Hon'ble BIFR through the SS-08.

## **Material developments in human resources / industrial relations front including number of people employed**

The Company is headed by Mr. Rajeev Bali, Managing Director. He is an MBA (Finance), USA.

The Company has a policy for (i) initiating new personnel into the Company's designated systems for any particular functional area, (ii) monitoring of personnel and HRD programmes, and (iii) ensuring leadership in its industry through effective HR management.

The Company has recruited the necessary personnel, commercial and technical, and has recommenced its' production and commercial operations.

## AUDITORS' REPORT

### TO THE MEMBERS OF INTEGRATED TECHNOLOGIES LIMITED

We have audited the attached balance sheet of **INTEGRATED TECHNOLOGIES LIMITED** as at 31st March, 2010, the profit & loss account and the cash flow statement for the year ended on that date together with annexure thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956 we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said order.

Further to our comments in the Annexure referred to above, we report that:

1. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
2. In our opinion, proper books of accounts as required by law have been kept by the Company, so far as it appears from our examination of the books.
3. The balance sheet, the profit & loss account and cash flow statement dealt with by this report are in agreement with the books of accounts.
4. In our opinion the profit and loss account, balance sheet and cash flow comply with the accounting standards referred to in sub section (3C) of section 211 of the Companies Act, 1956.
5. On the basis of written representations received from the Directors as on 31st March, 2010 and taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March, 2010 from being appointed as a Director in terms of clause (g) of sub section (1) of Section 274 of the Companies Act, 1956.
6. In our opinion and to the best of our information and according to the explanations given to us, the said balance sheet and the profit and loss account read with the schedules and notes to the accounts thereto, give the information required by the Companies Act, 1956 in the manner so required and give the true and fair view in conformity with the accounting principles generally accepted in India:
  - ★ In the case of the balance sheet, of the state of affairs of the Company as at 31st March, 2010, and,
  - ★ In the case of the profit and loss account, of the profit for the year ended on that date.
  - ★ In the case of cash flow statement, of the cash flows of the Company for the year ended on that date.

## ANNEXURE TO THE AUDITORS' REPORT

(Referred to in paragraph 3 of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, Including quantitative details and situation of fixed assets.
- (b) These fixed assets have been physically verified by the management at reasonable intervals. No material discrepancies were noticed on such verification.
- (c) From the examination of records we found that no substantial parts of fixed assets have been disposed off during the period.
- (ii) (a) The Inventory has been physically verified during the year by the management. In our opinion the frequency of verification is reasonable.
- (b) The procedure of physical verification of inventories followed by the management is reasonable and adequate in relation to the size of the Company and the nature of business.
- (c) The Company is maintaining proper records of inventory. The discrepancies noticed on the verification between the physical stock and books records were not material.
- (iii) (a) The Company has not granted any loan secured or unsecured to any Company, firm or other party covered in the register maintained under Section 301 of the Companies Act, 1956. Therefore clause (a) to (d) of para 4(iii) will not be applicable to the Company.
- (b) The Company has taken secured loan from one Company and unsecured loan from five parties covered in the register maintained under Section 301 of the Companies Act, 1956. Maximum amount involved in case of secured loan is Rs.325.00 lakhs and in case of unsecured loan is Rs 240.84 lakhs during the year. The amount outstanding of secured and unsecured loan providers as on 31.03.2010 is Rs 325.00 lakhs and Rs 240.84 lakhs respectively.
- (c) As per our examination of records of the Company and explanation and information given to us no interest is provided on the above loans taken by the Company. In our opinion other terms and conditions are not prejudicial to the interest of the Company.
- (d) As per the BIFR scheme so far as repayment of secured loan is concerned, the Company is required to pay Rs 40 lakhs each year from the financial year 2008-2009 onwards. However till the completion of our audit no payment has been made in this regard. For the repayment of unsecured loan no time has been fixed therefore this sub-clause is not applicable to the unsecured loan.
- (iv) In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business with regard to purchase of inventory, fixed assets and sale of goods. During the audit we have not observed any continuing failure to correct major weakness in internal control system of the Company.
- (v) (a) In our opinion the transactions that needed to be entered into the register maintained u/s 301 of the Act, have been so entered.
- (b) Transactions covered under Section 301 of the Companies Act have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- (vi) The Company has not accepted any deposits from public, accordingly the provisions requiring that, whether the directives issued by the Reserve Bank of India and the provisions of section 58A and 58AA of the Act and the rules framed thereunder, where applicable, have been complied with, is not applicable to the Company.
- (vii) The Company has its own internal audit system commensurate with its size and nature of its business.
- (viii) The provisions requiring maintenance of cost records as prescribed by the Central Government under Clause (d) of sub-section (1) of Section 209 of the Act, are not applicable to the Company.

- (ix) (a) As per records of the Company, the Company is regular in depositing of undisputed statutory dues except the following which are outstanding as on 31.03.2010 for a period more than six months from the date they became payable are given below:

S.No	Particulars	Amount outstanding as on 31.03.2010 (Rs)
1.	Sales Tax	19,407.00
2.	Income Tax	2,000,000.00

- (b) As per the scheme approved by the BIFR, CBDT was to waive interest on income tax demand of Rs 19.32 lakhs. However the CBDT has rejected the request for the same, vide its order F.No.2 (1625)/DIT /BIFR /2006-07 /566 dated 04.06.2009. According to information and explanation given to us, the company has yet to file a revision petition against the said order for the further consideration. In our opinion except this, there are no dues of Income Tax , sales tax, wealth tax , service tax , custom duties and excise duty which has not been deposited on account of any dispute.
- (x) In our opinion the accumulated losses are more than 50% of the Net worth of the Company. Further, the Company has incurred cash loss during the year ended 31st March, 2010 of Rs.82.91 Lakhs. The Company has also incurred cash loss of Rs 60.07 lakhs in the immediately preceding financial year.
- (xi) In our opinion the Company has not made any default in repayment of any dues to any bank or financial institutions. During the year the Company has not issued any debenture.
- (xii) The provisions requiring that, whether adequate documents and records are maintained, in cases where the Company has granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities are not applicable to the Company.
- (xiii) In our opinion, the Company is not a chit fund or a nidhi/mutual benefit fund/society. Therefore the provisions of clause 4(xiii) of the order are not applicable to the Company.
- (xiv) In our opinion the Company is not dealing in or trading in shares, securities, debenture and other investment. Accordingly the provisions of clause 4(xiv) of the order are not applicable to the Company.
- (xv) The Company has not given any guarantee for loans taken by others from bank or financial institutions hence the provisions requiring whether the terms and conditions whereof are prejudicial to the interest of the Company, are not applicable to the Company.
- (xvi) The Company has not taken any term loan, therefore the provisions requiring that, whether term loans were applied for the purpose for which the loans were obtained, are not applicable to the Company.
- (xvii) The provisions requiring that, whether the funds raised on short-term basis have been used for long term investment and vice-versa, are not applicable to the Company.
- (xviii) According to the information and explanation given to us, during the period covered by our audit report, the Company has not made any preferential allotment of Equity Shares to parties and companies covered in the Register maintained under section 301 of the Companies Act, 1956.
- (xix) The provisions requiring that, whether securities have been created in respect of debentures issued, are not applicable to the Company.
- (xx) As no public issue has been made by the Company during the period, the provisions requiring that, whether the management has disclosed on the end use of money raised by public issues and the same has been verified are not applicable to the Company.
- (xxi) According to the best of our knowledge and belief and according to the information and explanation given to us, no material fraud on or by the Company has been noticed or reported during the period covered by our audit.

## SCHEDULE “12”

### SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

#### (I) Significant Accounting Policies

##### 1. Accounting Convention

The financial statements are prepared by following the Going Concern Concept under the historical convention, on accrual basis, in accordance with the Generally Accepted Accounting Principles in India, the accounting standards issued by the Institute of Chartered Accountants of India and the provisions of the Companies Act, 1956.

##### 2. Fixed Assets

Fixed Assets are stated at cost of acquisition less accumulated depreciation. Cost includes all expenses related to acquisition and installation of the concerned assets.

Gross block of fixed assets includes assets purchased under Hire-purchase agreements for which the company does not have full ownership.

##### 3. Depreciation:

Depreciation on fixed assets has been provided on Written Down Value method in accordance with the rates prescribed in Schedule XIV of the Companies Act, 1956, as amended from time to time.

##### 4. Impairment

At each balance sheet date, the management reviews the carrying amounts of its assets to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and risks specific to the asset.

Reversal of impairment loss is recognised immediately as income in the profit and loss account.

##### 5. Inventories:

Inventories are valued at lower of cost or net realizable value. Cost is determined on the weighted average method. Finished goods and Work in Progress include cost of conversion and other costs incurred in bringing the inventories to their present locations and condition.

##### 6. Revenue Recognition:

As a consistent practice, the company recognizes revenue on accrual basis. Sales are recognized when goods are dispatched to customers and are recorded net of returns.

##### 7. Expenditure

Expenses are accounted for on accrual basis.

##### 8. Foreign Currency Transactions:

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date. Gain or loss arising out of fluctuations on realization/payment or re-statement is charged/credited to the profit and loss account.

##### 9. Taxes on Income:

Current income tax expense comprises taxes on income payable as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum alternative tax (MAT) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future. Accordingly, MAT is recognized as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

Deferred Tax Assets or Deferred Tax Liability is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainty that sufficient future taxable income will be available to realise such assets. In other situations, deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realise these assets.

## 10. Borrowing Cost:

Borrowing costs are expensed in the year in which it is incurred. Interest on borrowings has been charged to the revenue account.

## 11. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

## (II) Notes to Accounts
